

The WWAED is the only equine dentistry association that monitors the development of its members throughout their membership. Anybody wishing to join the WWAED, regardless of experience or ability, will need to follow the standard association Joining Process.

- Application
- Review
- Assessment
- Acceptance
- Entrance Exam

Acceptance - The association will have a review session which will consist of, at minimum, two board members and the relevant assessor. Assuming the individual is accepted, a decision will be made on the ability of the individual to take the WWAED entrance exam. A mini plan will be developed that will outline the areas of improvement needed for the individual to meet the capability level of the WWAED entrance examination along with a timespan that it should be able to be completed within. The individual will then have a status of Probationary Member.

Application - The first thing that is required by the association is an application to join which should contain your contact information, your resume or cv and any other details on your work career that may be relevant. You can complete the form online at www.wwaed.com or you can complete the information further down in this letter.

All information that you provide to the WWAED will be maintained in the strictest confidence and will not be released to any other parties.

Review - The WWAED Association will review your application to understand whether you are currently working at a level that would mean you are capable of taking the WWAED Assessment session.

Assessment - The WWAED Assessment session will be a working session. An Assessor from the WWAED will accompany the individual during a working day. The Assessor will assess a horse prior to treatment and after treatment by the individual. The WWAED assessor will also monitor the individuals style when dealing with owners, vets and horses. The assessor will also monitor the overall appearance of the individual and their equipment. The results will be documented ready for the association acceptance decision.

WWAED Application Form

If you are not going to complete the form online then you will need to complete the fields below.

You will then need to attach your cv or equine dentistry history.
